

19 February 2020

The Hon. Kevin Anderson MP
Minister for Better Regulation and Innovation
GPO Box 5341
SYDNEY NSW 2001

Dear Minister

Re: Flammable dwellings

I am writing as the President of the Southern Sydney Regional Organisation of Councils (SSROC) regarding the release of information about those buildings at high risk due to the presence of non-compliant, combustible cladding.

In the interests of safety, and to provide certainty for homeowners, investors and local communities, I am calling on you as NSW Minister for Better Regulation and Innovation to release the details surrounding the 600 plus high-risk buildings already identified as being at risk.

At the same time, I am seeking your advice about measures that the NSW Government is taking to rectify the combustible cladding problem associated with these existing buildings, a number of which are no doubt situated within the SSROC region.

I look forward to your early response to this urgent and distressing issue that remains a continuing concern for SSROC member councils and their communities.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'John Faker', written over a light blue circular stamp.
